(3) It has a record of conducting nature conservation projects for 3 years or more

2) Applicant must submit the documents listed below;

(1) Financial statements or certified audits for the past 3 years.

(2) For incorporated organizations, documents that show proof of such incorporation

(However, this does not apply to the Basic A Grant and Basic B Grant that will be explained in the Grant Categories.)

#### **4. Grant Categories**

##### **(1) Basic A Grant**

Grant for small-scale projects of 1 million Yen or less for the first-time applicant to the KNCF Grant Program. While basically a single-year grant, applicants may be consecutively accepted for three years. Note that in order to reduce the burden of the applying organizations, application and reporting documents have been simplified.

##### **(2) Basic B Grant**

Grant for small-scale projects of 1 million Yen or less for local grass roots organizations conducting activities in countries designated by the UN as Least Developed Countries. While basically a single-year grant, applicants may be consecutively accepted for three years. Note that in order to reduce the burden of the applying organizations, application and reporting documents have been simplified.

##### **(3) Standard Grant**

Mid-sized grant that follows the conventional KNCF Grant Program. The upper limit is 10 million Yen. KNCF expects these projects to either be in their initial stages or to offer new approaches to solving problems. Applications may be made each year for a consecutive 3-year period.

##### **(4) Collaboration Grant**

Large-size grant with an upper annual limit of 20 million Yen with the requirement that applying projects are collaborative projects involving multiple organizations. KNCF especially wishes to support projects that involve cooperation with governments, local society and businesses and that serve as models for NGOs. The grant is designed for a continuous period of three years. The framework in which two or more organizations, each playing an important role, aims to complement each other's activity areas through mutual collaboration and synergy, with the expectation of higher-level results.

However, if the Grant Review Committee determines that the status of the progress of the

project is insufficient, funding may be stopped even in the middle of the project.

## **5. Grant period**

The grant period will be a 1-year period from April 1st, 2025 to March 31<sup>st</sup>, 2026. However, the period for the Collaboration Grant is in principle, a three-year period ending March 31st, 2028.

## **6. The Scope of Grants**

### 1): Applicable Expenses

(1) Purchase and rental of goods/materials, purchase and installation of lots/structures, as well as the expenses to repair the above items

(2) Personnel costs (labor costs for temporary staff directly involved in the project, rewards for experts)

(3) Travel, transportation, and lodging expenses including utility charges for local offices, food

(4) Communication and printing expenses including translation and publishing-related costs

### 2) Non-Applicable Expenses

(1) Personnel costs (labor costs for permanent staff)

(2) Outsourcing costs (outsourcing of all project work to a third party)

Moreover, even in the case of partial outsourcing, no more than 10% of the total grant amount may be applied to the outsourcing costs.
